## Samples and back issues

Published issues of the *BAS Speaker* contain a trove of audio and other information. While there have been some 30 volumes since 1972, we suggest that new members consider acquiring volumes 17 on. For contents, refer to [www.BostonAudioSociety.org](http://www.BostonAudioSociety.org). Volumes 6-16 and 18 are complete, and we have some individual issues. Volumes 1-10 and volumes 22-27 are available on CD-R.

The entire 37-year opus is available, and copies will cost 20 cents/page plus \$3 s/h. Many issues, including older ones, are also available as \*.pdf files.
